Heat Chip for Low-Temperature
Environments

3-Year Warranty

Upgrade your fleet's monitoring capabilities with the 1700A 720p AHD Camera, engineered for true high-definition imaging in the harshest environments. Featuring a 1/3" Sony IMX225 sensor, this camera delivers crisp 720p video quality with AHD technology, ensuring every detail is captured accurately. Its robust design, backed by an IP69K rating and 10G shock resistance, makes it ideal for challenging conditions—whether on the road or at work sites. With integrated night vision, a mirror switch for adjustable orientation, and a heat chip for low-temperature performance, the 1700A is built to perform reliably around the clock. Perfect for commercial truck camera systems and truck camera system upgrades.

Compatibility Note: *Compatible with M7302HD Monitors and D4SD DVR.
Not compatible with NTSC Legacy Monitors.*
