# 3700 HD CONVOYCAM™

1/2.7" CMOS sensor  
1280 (H) x 720 (W) resolution

110° Horizontal Field of View  
57° Vertical Field of View  
135° Diagonal Field of View

Versatile Mounting & Rotation

IP69K Environmental Rating

Night Vision

Mirror Switch Functionality

Integrates with M7302HD,  
M10116 Monitors, & DX4SD2 DVD

Unleash superior visibility in the harshest environments with the 3700HD Extreme Series ConvoyCam™. Engineered with a 1/2.7" CMOS sensor delivering 1280x720 resolution, this camera offers detailed, high-definition imaging coupled with robust durability. Its innovative design features an internally rotatable camera, giving you the flexibility to mount it in virtually any orientation—be it left, right, or even at unconventional angles—while maintaining a compact, low-profile mounting footprint. This makes it an ideal choice for fleets needing reliable cameras for fleet or upgrading to a modern commercial truck camera system.
