

**CONVOY TECHNOLOGIES**

*See Everything*

*When you need a bird's-eye view of everything around your vehicle*

# Introducing GuardianView 360

It's like having a drone flying over your vehicle and sending an image to your dashboard. From everyday practices like parking, turns, and lane shifts to bigger challenges like driving through bad weather and navigating through heavy traffic, GuardianView 360 ensures your drivers will be safer than ever.

Renders feeds from 4 fish-eye HD cameras —one on each side of the vehicle— into a seamless composite image spanning 360 degrees.
